There is a unique option offered to our **5-year old classes that includes one extended day built into your child's week. This class is specifically created and recommended for children who are planning to attend a full day of Kindergarten the following year. It is designed to be an extension of the 5-year old curriculum and the day will include a lunch time (lunch not provided). Price is based on the 5-year old tuition payment in addition to the price for the weekly extended day.

Our **4-year old classes will be offered an opportunity to participate in one built in extended day that will be a progression of the 4-year old curriculum. The program will begin in January 2023 and registration for this 4-year old extended day will be offered in November.
